### WHERE IS TOGO?

London Report Says Fleets Are Now Only Thirty Miles Apart.

LONDON, April 8.—The sudden shifting of interest in the war from the land to the sea and the apparent imminence of a naval battle between the Japanese and Russian squadrons in the China Sea have revived all the interest shown here in the earlier developments of the struggle in the Far East. It is taken for granted that Admiral Togo's ship reported to be in the neighborhood of Singapore, in the middle of March, are still in that vicinity and a report from Penang on the west coast of the Malay Peninsula, that twelve Japanese ships were seen steaming ahead of the Russian warships, is interpreted to mean that the former are en route to meet the latter on the main body of the Japanese squadron. The underwriters here presume, from the northerly course the Russians were steering, that after passing Singapore, they are going to reach the French part of Saigon, Cochin China. However, it is pointed out that a Japanese squadron of twenty-two ships, is still off Hershburg light, where it was this afternoon only about thirty miles apart, and may be in touch at any moment.

### Chinese Put to Sea.

(By Associated Press.)  
HONG KONG, April 8.—In consequence of the appearance of a fleet in the straits of Malacca, the Chinese squadron is preparing to put to sea. The armored cruiser Saito leaves to-day for Singapore and the first-class battleship Ocean and a cruiser will follow.

### MOVE ON KIRIN.

Japanese Energetically Transporting Siege Guns—Russian Cavalry Raids.

(By Associated Press.)  
HARBIN, April 8.—Detachments of Russian cavalry are actively reconnoitering the Japanese flanks and even the rear. One of them has penetrated to the village of Erdakitz, where it was brought to a stop by Japanese entrenchments. Before retreating, however, it is said to have succeeded in cutting the railway and burning the depot and stores. The detachment brought back news that a fortnight ago a mixed Japanese division of ten thousand men with artillery left the Japanese rear and disappeared into Mongolia, and was followed a few days ago by another detachment of 5,000 men. These troops are expected to appear in the region of Bodum, which unfortunately is connected with the line by only a poor road. Kirin is in the same plight, and the loss of the narrow gauge rolling stock abandoned at Mukden is especially felt.

Chinese report that the Japanese are energetically transporting siege guns toward Kirin.

## DEATH OF GEN. CULLEN A. BATTLE

One of the Last of the Leaders Under Lee.

### THE BURIAL IN PETERSBURG

He Was Distinguished as a Lawyer, a Writer and a Soldier.

(Special to The Times-Dispatch.)  
GREENSBORO, N. C., April 8.—General Cullen A. Battle, Major General C. S. A., commanding the Third Regiment, Alabama troops, one of the most famous of the Southern army generals under Lee, died in the Greensboro Hospital this morning at 7 o'clock after an extreme illness of several days, aged 78. He had been growing weaker all the time, and the end came peacefully. His son, Rev. Dr. W. H. Battle, and pastor of the First Baptist Church at Greensboro and other relatives and devoted friends, were with him at the closing. He had been assiduous in his attentions and aid to him during his short period of prostration.

The funeral services will be held at

GENERAL CULLEN A. BATTLE.

The First Baptist Church to-morrow morning at 10 o'clock, when the body, escorted by representatives of the church, the city and the Gulfport Camp of Confederate Veterans, and by friends and relatives of the dead warrior, will leave on the 12:30 train to Petersburg.

There on Monday, he will be interred by the side of his wife. Surviving General Battle are his son, Rev. Dr. W. H. Battle, and Miss Jennie Battle, his only daughter. Mrs. A. M. Battle, eminent author and educator, for seventeen years president of Mercer University, of Macon, Ga.

An only sister was Mrs. John Gill Sherry, whose husband was a member of the Confederate Congress and Governor of Alabama.

General Battle's parents were North Carolinians, and he has made this State his home since the residence of his only son, Dr. H. W. Battle, the pastor of the First Baptist Church at Greensboro.

General Cullen A. Battle was the second son of Dr. Cullen Battle and Jane A. Battle, natives of North Carolina. He was born in Powhatan, Henrico county, Va., June 18, 1826, and removed with his parents to Alexandria in 1832. In 1851 he was married to Miss Georgia F. Williams of La Grange, Ga., who died in Petersburg, Va., November 6, 1885.

He was admitted to the bar in 1852, and was Buchanan's sub-selector in 1856. In the Alabama Democratic State Convention of 1860 he was, on motion of William L. Yancy, made elector for the Montgomery District, and delegate to the Charleston Convention. He canvassed Alabama in company with Mr. Yancy for Breckinridge and Lane, and was also with him at Charleston, New York, Boston and Philadelphia.

On the capture of Harper's Ferry by John Brown, he organized the Tuskegee Light Infantry, purchased arms and uniforms, and six days afterwards, in concert with Peyton H. Colquitt, captain of the Columbus (Ga.) Light City Guards, he landed his services with Governor Henry A. Wise and received from him the message: "Virginia can defend herself." Immediately the State of Alabama commenced the organization of the "Alabama Volunteer Corps" to consist of ten regiments. Only two regiments were organized—the First Regiment, with headquarters at Mobile, and the Second Regiment, at Montgomery. The Tuskegee Light Infantry was in the Second Regiment. On the election of regimental officers, Cullen A. Battle, lieutenant-colonel, and Samuel Marks, major.

TO CAPTURE FORT MORGAN. On the 8th of January, by order of Governor A. B. Moore, the First Alabama left Mobile to capture Fort Morgan and the Mount Vernon arsenal, and at the same time the Second Regiment was ordered to proceed to Pensacola, report to General Chase, commanding Florida troops, and participate in the capture of the Florida coast. The Second Regiment, Colonel Lomax, captured the navy-yard and Fort Barrancas and McKee on the 16th and 17th, and very soon after, General Chase, Colonel Lomax and Lieutenant-Colonel Battle telegraphed to Mr. Jefferson Davis at Washington as to the propriety of an attack upon Fort Pickens, and received the reply: "In the present condition of affairs Pickens is not worth one drop of blood."

Colonel Lomax and Lieutenant-Colonel Battle woke up one morning, not long after this, to find that Alabama had passed the ordinance of secession, and not contented with this, had passed an ordinance annulling all military commissions issued by the authority of the State, above the rank of captain. In order to get rid of militia officers chosen without reference to war, Lomax and Battle immediately shouldered muskets and took their places in the ranks and performed the duties of privates until the Confederacy was formed, and the "First Alabama Regiment of Twelve Months' Men" under Colonel Henry D. Clayton.

The Third Alabama. Immediately after this the Third Alabama Regiment was formed, composed almost entirely of the State troops that had formed the two regiments of the Alabama Volunteer Corps. On or about the 5th of June the Third Alabama was transferred to Rodde's Brigade.

Having been wounded at Seven Pines, Colonel Battle did not appear again upon the field until the battle of Buzzards Run. In his report of the battle of Buzzards Run and Sharpsburg, General Rodde says: "The men and officers generally behaved well, but Colonel Gordon, Sixth Alabama, Major Holston, Fifth Alabama, and Cullen A. Battle, Third Alabama, deserved especial mention for admirable conduct dur-

## ARE YOUR KIDNEYS WEAK?

Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

To Prove What the Great Kidney Remedy, Swamp-Root, Will Do for YOU, Every Reader of the Times-Dispatch May Have a Sample Bottle Sent Absolutely Free by Mail.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince anyone.

I was out of health and run down generally; had no appetite, was dizzy and suffered with headache most of the time. I tried my kidneys, and I knew that the cause of my trouble, but somehow felt that they might be, and I began taking Swamp-Root. There is such a pleasant taste to Swamp-Root, and it goes right to the spot and drives disease out of the system. It has cured me, making me stronger and better in every way, and I cheerfully recommend it to all sufferers.

Gratefully yours,  
MRS. A. L. WALKER, 331 East Linden St., Atlanta, Ga.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unpleasant kidney trouble causes rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; make your head ache and back ache, cause indigestion, stomach and liver trouble, you get a sallow, yellow complexion, make you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect, reliable and gentle aid to the kidneys that is known to medical science.

How to Find Out. If there is any doubt in your mind as to your condition, take from your urine on rising about ten ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if much sediment is at the bottom, your kidneys are in need of immediate attention.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves who have kidney ailments, because they know it is the greatest and most successful remedy for kidney, liver and bladder troubles.

EDITORIAL NOTE.—So successful is Swamp-Root in promptly curing even the most distressing cases of kidney, liver or bladder troubles, that to prove its wonderful merits you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonials letters received from men and women who have cured their troubles by Swamp-Root. It is so well known that your readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Birmingham, N. Y., be sure to say you read this generous offer in the Richmond Sunday Times-Dispatch. The genuineness of this offer is guaranteed.

Latter Alleged to Have Pocketed Fine That Should Have Gone to State.

(By Associated Press.)  
JACKSON, MISS., April 8.—The Hinds county grand jury to-day indicted former Mayor Hemmingsway, of Vicksburg, and R. P. Thompson, of Hattiesburg, for pocketing city attorney for malfeasance in office.

It is alleged that the mayor who presided over the Police Court fined a negro \$50 for carrying concealed weapons, that the money was collected by Thompson who gave him his receipt to the negro, and that the fine was never turned into the city treasury.

Mr. Hemmingsway in a statement this afternoon says that the offense is a technical violation of the law, while Attorney Thompson has made no statement in regard to the matter. Both were arrested and placed under bond to await trial.

(Continued from First Page.)

familiar to all who have attended Virginia horse shows for the past few years.

Total Sales. The thirteen horses sold brought \$16,950 or an average of \$1,303.77 per horse and those figures include the price of three horses that brought but \$75.

At Mr. Foxhall Keene's sale on September 29, 1904, seventeen hunters sold for \$26,925 or an average of \$1,583.71.

Two hunters, "Phosphor" and "Baby Slingshot," sold each for \$1,000 and the lowest price paid was \$250 for "Nell Gray."

To-night, at Mr. Smith's sale, the highest price paid was \$2,800, brought by "Palm Room," and "Garnet Riddle," and the lowest price, \$175, brought by "Bombay."

The crowd was not as great as was present at the Keene sale nor was the bidding as brisk. It is only fair to say that takes as individual hunters, Mr. Smith's lot outclassed Mr. Keene's lot although they did not bring the price.

The top price hunter of the Keene sale, "Becky Sharp," and the top price hunter of the Smith sale, "Garnet Riddle," were both owned formerly by Mr. C. H. Smith, of Warrenton, Va. Mr. C. H. Smith expects to sell shortly for Europe to be gone two years.
